Dual Overhead Camshaft Engine

The all-new Dual Overhead Camshaft engine churns out 40 PS of power and an increased rpm limit of 9.5k with reduced vibrations.

Dual Exhaust Notes

When it's built like a 373cc machine, it better sound like one with the all-new Dual Exhaust Notes.

Full LED Headlamps

Full LED mosaic headlamps with Auto Headlamp On (AHO) for increased visibility up to 1500m.

Slipper Clutch Assist

Worry-free downshifts to eliminate all uncertainty on your journey.

New LCD Console

Vital information when you need it with the all-new Reverse LCD Dual Console with Gear Indicator and RTM.

A detailed view of the motorcycle's front suspension, showing the upside-down front forks, the front fairing, and the engine components. The image is used as a background for several text callouts.

Upside-down Front Forks

The all-new Upside-down Front Forks let you take on every bump on the road with ease.

Liquid-cooled Engine

When the engine stays cool under extreme temperatures, so do you.

Solid Stamped Perimeter Frame

Glide around every corner backed by the strength and functional lightness of a solid frame.

Fuel Injection System

Superior all-altitude performance and torque availability at low rpms.

Dual Channel ABS

Take command of your safety wherever you go.
